CONTENT

Translation of the Dynamicweb back-end user interface to local language in Dynamicweb follow the policies outlined below:

Tier 1 Languages

Dynamicweb back-end user interface will for any new release be available in the Tier 1 languages, currently **English** and **Danish**.

Tier 2 Languages

Dynamicweb back-end user interface will 3 months after any new release be available in Tier 2 languages, currently **Norwegian**, **Swedish**, **Dutch** and **Faroese**.

Tier 3 Languages

Dynamicweb will make translation kits available for other languages for other partners to translate their local version for public availability. These Tier 3 languages are not committed and supported by Dynamicweb. Currently Tier 3 languages are **Portuguese**, **Polish** and **Romanian**.
